

A Visual Framework for Open Health Data Governance

Marco Alfano

Lero - The Irish Software Research Center, Ireland
Anghelos Centre on Communication Studies, Italy

Joint work with:

Biagio Lenzitti, Giosuè Lo Bosco

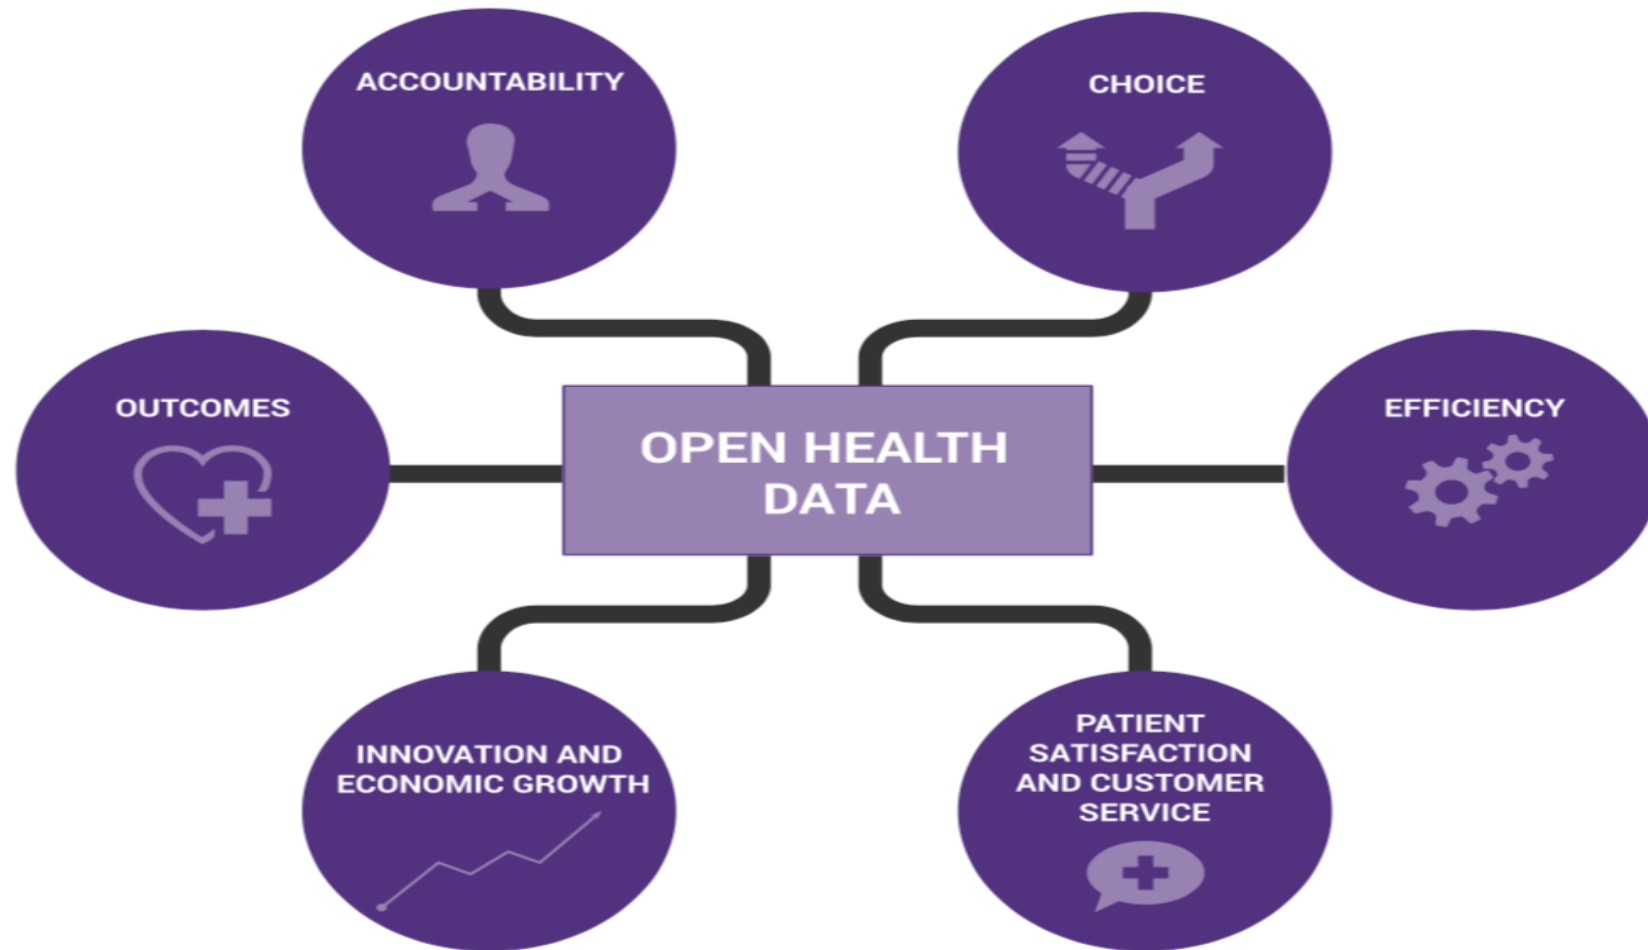

University of Palermo, Italy

Davide Taibi

National Research Council of Italy

Open Health Data

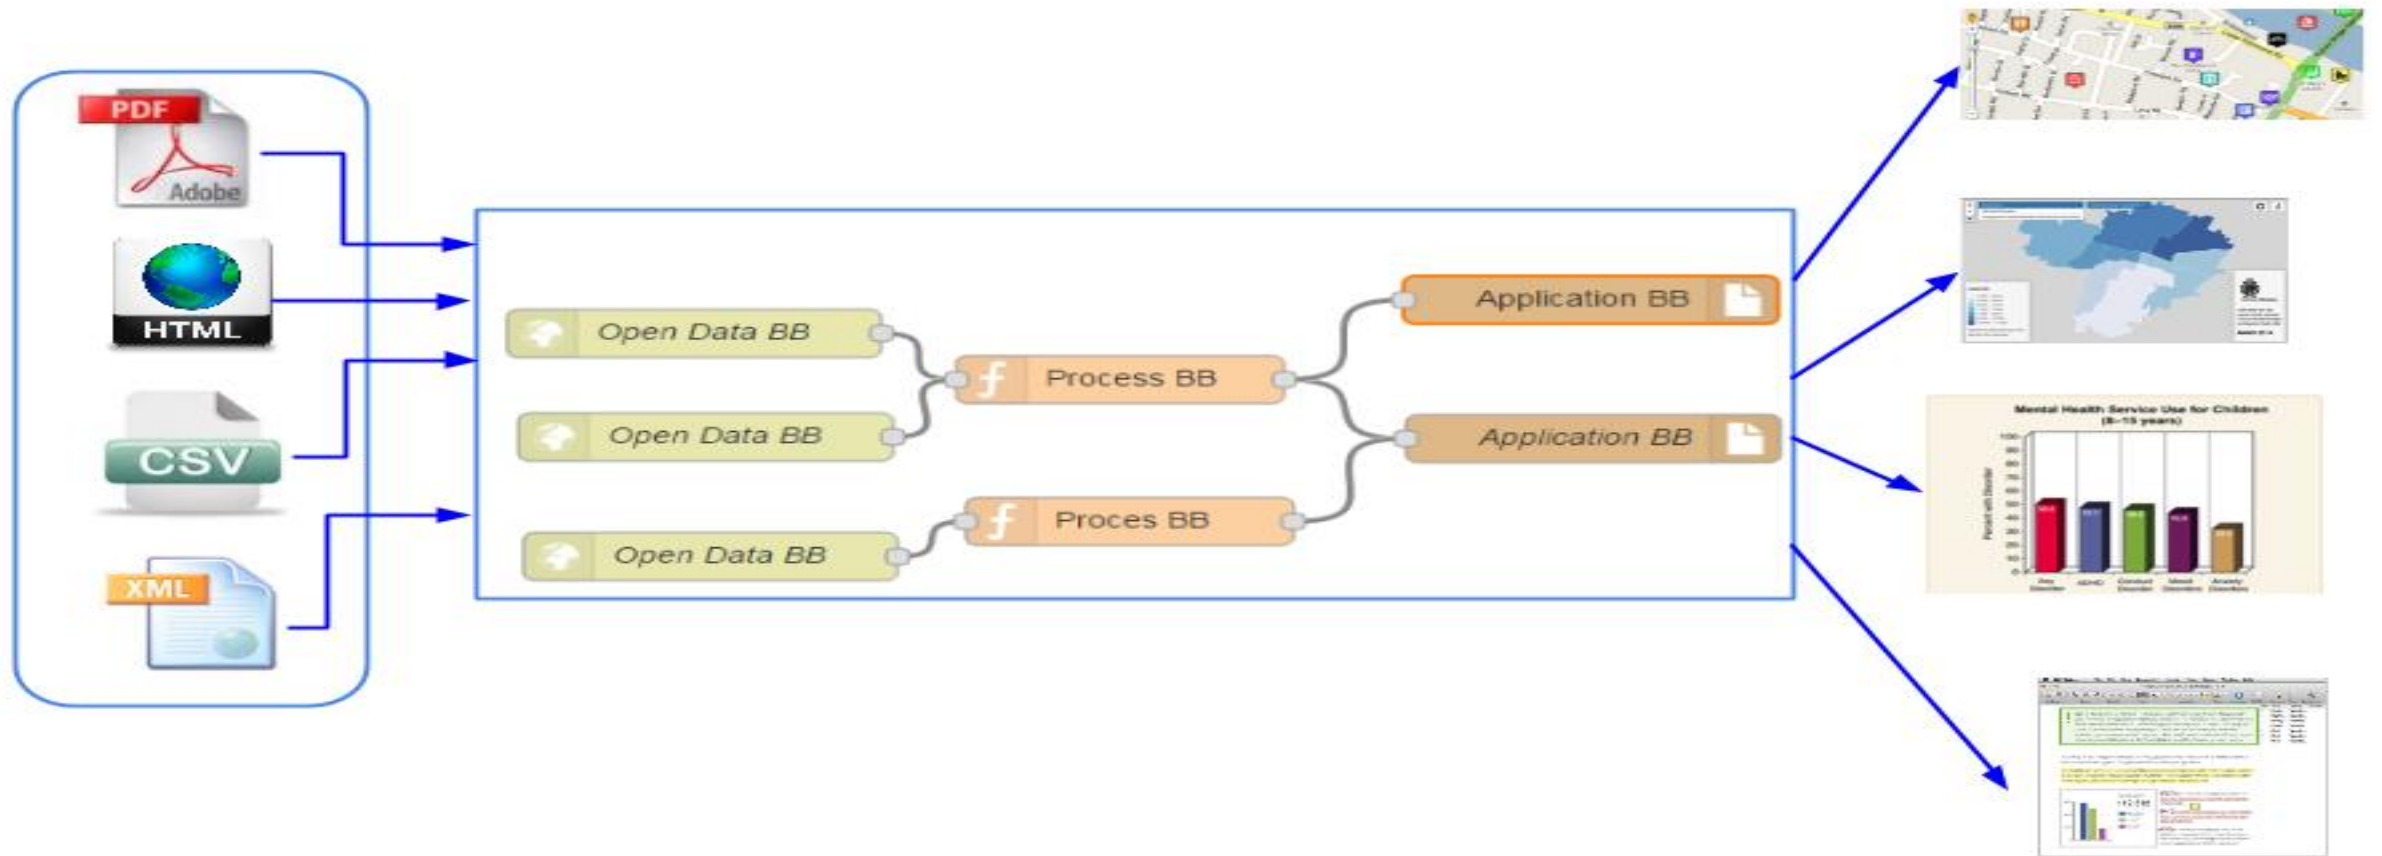

Source: The Open Data era in health and social care - GOVLAB (NYU)

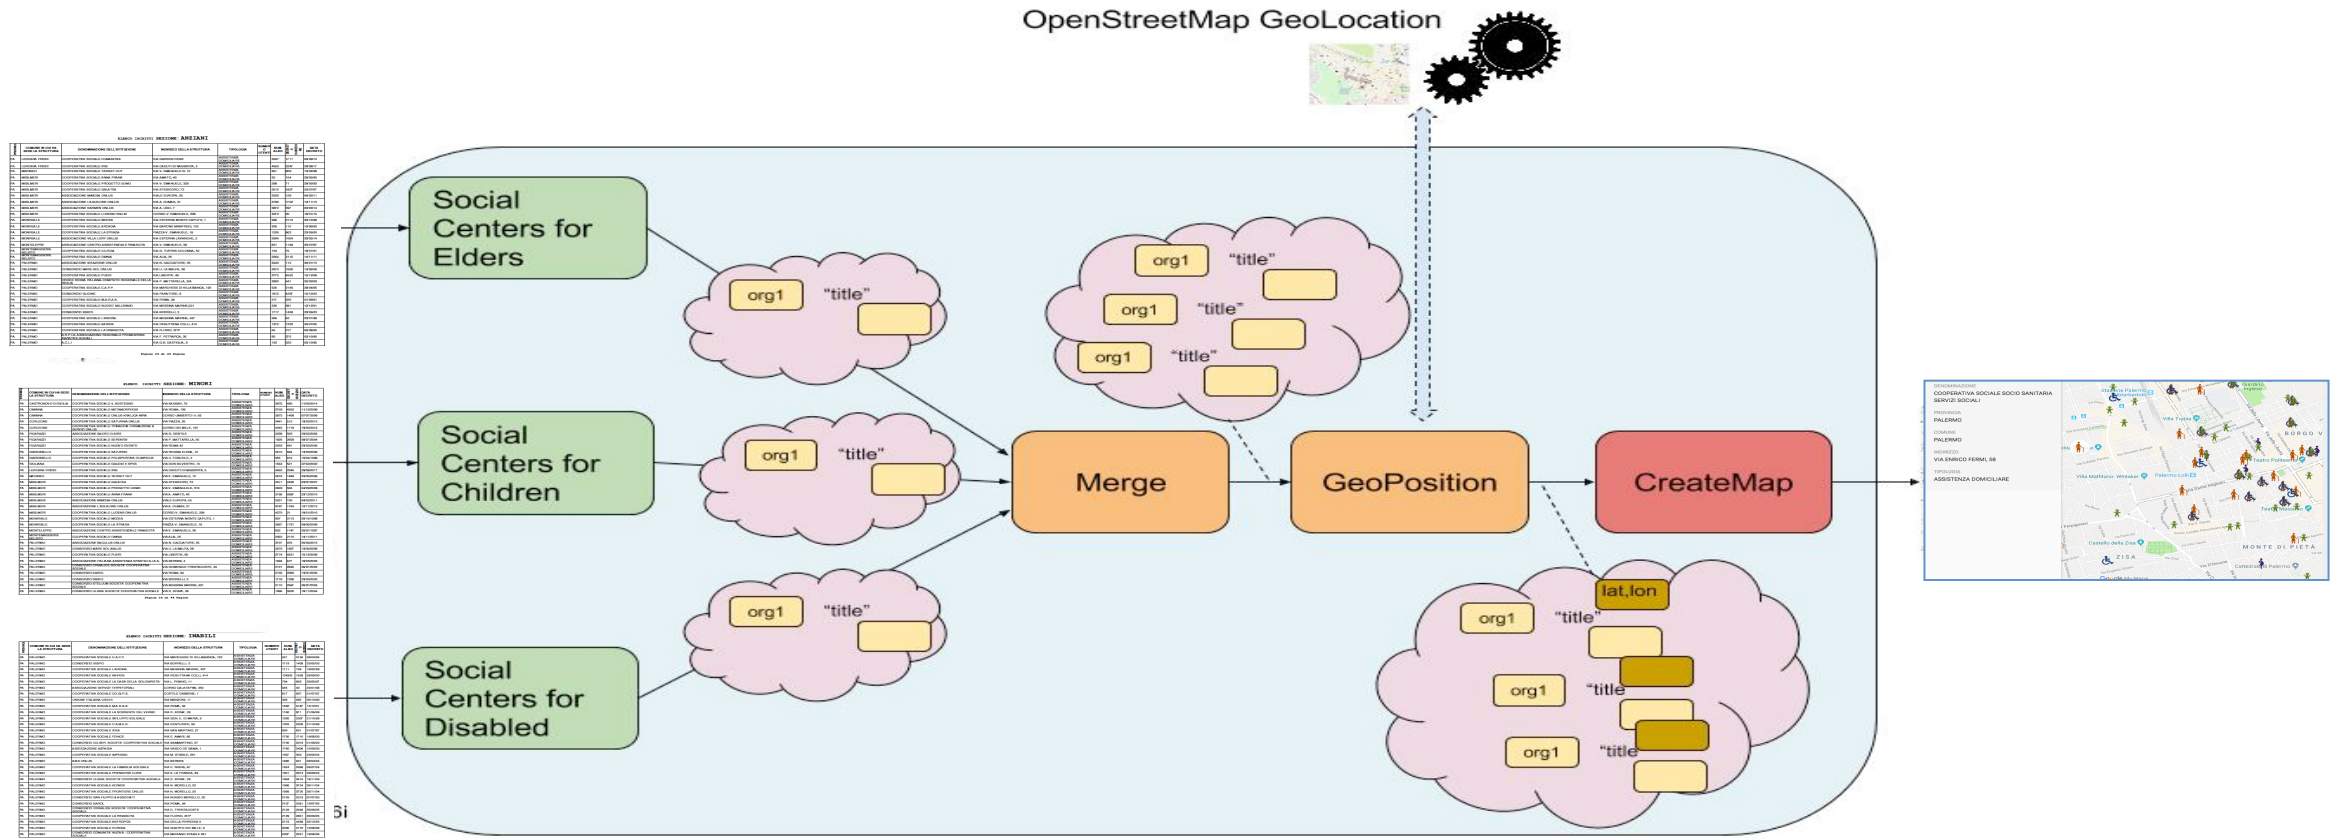

Open, clean, structure,
metadata, process, build,...

A visual framework for opening, managing and reusing data

End-to-end data availability, usability, consistency, integrity and security

Use case: From pdf files to a clickable map (of social centres)

Framework to be extended and enriched by collectivity

Thank You
